

INSERT FITTINGS – TEES

NO-LEAD YELLOW BRASS

SPECIFICATIONS:

- Crafted with precision engineering, this tee ensures a seamless and secure pipe-to-pipe connection, setting the standard in precision and reliability.
- Made from high-quality no-lead yellow brass, this fitting meets federal low lead regulations, offering an economical and easy-to-install solution for connecting well pumps or submersible pumps to flexible polyethylene pipes while ensuring the highest standards of durability and safety.
- With sharp threads for a tight connection, the tee features an insert barb x insert barb x insert barb design, providing a secure and efficient pipe connection.
- Hose clamps (sold separately) ensure a secure and easy installation.
- The maximum pressure and temperature ratings depend on the material and specifications of the pipe used, ensuring compatibility with diverse systems.
