

# INSERT FITTINGS – UNION ADAPTERS NO-LEAD BRONZE

## SPECIFICATIONS:

- Engineered for convenience, this no-lead bronze union adapter features an easy spin nut and O-ring seal, allowing for quick disconnection of polyethylene pipes—saving both time and money.
- Constructed from heavy-duty, corrosion-resistant no-lead bronze, this fitting ensures long-lasting performance, even in outdoor environments.
- The extra-long insert barb provides a secure grip for double clamping, enhancing stability in plumbing applications.
- Compliant with federal low lead regulations, this union adapter ensures both safety and durability.
- Its male pipe threads x insert barb design ensures a secure and efficient pipe connection, while the wide-width hex accommodates wrenches for easier installation.
- Hose clamps (sold separately) ensure a secure and easy installation.
- The maximum pressure and temperature ratings depend on the material and specifications of the pipe used, ensuring compatibility with diverse systems.
