

NO-LEAD VACUUM BREAKERS

AUTOMATIC SELF DRAINING

SPECIFICATIONS:

- The BVBADNL75 is a 3/4" hose thread no-lead vacuum breaker with a brass finish and an automatic drain.
- Made from solid brass, this vacuum breaker offers durability and reliability for outdoor use.
- Designed as an optional yard hydrant accessory, it prevents backflow contamination and ensures compliance with safety regulations.
- Its automatic drain features allow any remaining water in the pipe to drain out after use.
- The break-off screw allows permanent attachment for added security.
- This vacuum breaker is code approved and meets NSF, ASSE-1011, UPC, and CSA B64.2.2 standards.

No Lead

C.A. Certified

RATINGS:

- Maximum Pressure: 125 psi
- Maximum Operating Temp: 180°F
