

CABLE TIES

SPECIFICATIONS:

- Cable ties are designed for tying and bundling applications, and holding pump wire to drop pipe.
- They provide a faster, stronger hold on wire than tape.
- One size fits pipe diameters from 1/4" to 1-1/4" and measures 8" in length.
- The other size fits pipe diameters from 1" to 3" and measures 14-1/2" in length.
- Both sizes are available in packages of 100 pieces.
