Air Volume Control Guide

Choose the right control for your well system.

MERRILL MANUFACTURING

START HERE

Deep well / submersible pump

Needs air release or air volume control.

See deep well options below.

Shallow well / jet pump

Needs air charging.

Choose SWL.

Deep well options

STANDARD DEEP WELL

AE10

Mechanical air volume control

Deep well systems with galvanized tanks

HEAVY-DUTY

DWJ

Heavy-duty deep well control

Higher-demand systems where durability is a priority

LIGHTWEIGHT & CORROSION RESISTANT

DWJP

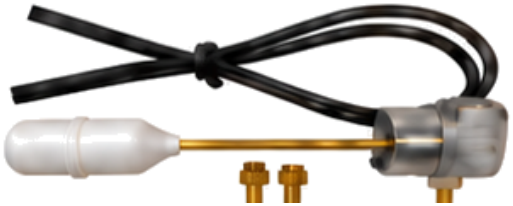

Thermoplastic air volume control

Corrosion-prone environments

SHALLOW WELL OPTION

SWL Shallow well air volume control

For shallow wells, jet-pump systems and water tanks.
