

# DROP PIPE COUPLINGS – PVC SCH. 80 AND 120

## SPECIFICATIONS:

- Each coupling is 100% USA made and AIS Compliant.
- Drop pipe couplings connect threaded pipes to submersible pumps or other threaded pipe applications.
- They feature chamfered ends for quick connection and easy thread starting.
- The tapered pipe threads ensure a positive, watertight connection.
- These couplings are available in PVC Heavy Schedule 80 (standard or gray for the PDC125) and PVC Extra Heavy Schedule 120.
