

INSERT FITTINGS – COMBINATION ELBOWS POLYETHYLENE, NYLON, AND PVC

SPECIFICATIONS:

- The Plastic Combination Elbow effortlessly connects plastic pipe to male iron pipe (MIP) using an insert barb x insert barb fitting, providing a versatile solution for a wide range of plumbing needs.
- Its durable plastic construction ensures long-lasting performance, making it an excellent choice for both residential and professional plumbing applications.
- Featuring a 90-degree insert barb x insert barb design, this fitting provides a secure and efficient connection in a compact space and enhancing system reliability.
- The smooth design allows for quick and easy installation.
- The maximum pressure and temperature ratings depend on the material and specifications of the pipe used, ensuring compatibility with diverse systems.
