

PVC MANIFOLDS – SCHEDULE 120

SPECIFICATIONS:

- The PVC manifold is made from Schedule 120 PVC for durability and strength.
- Available in two lengths: 13-1/2" and 13-3/4" to accommodate various installations.
- Top connections available: (2) 3/4" FIP.
- Available lateral connections: 1" FIP or 1-1/4" MIP.
- Other tappings include two 3/4" FIP drain holes for easy drainage and maintenance.
- All manifolds have a 1/4" FIP front tapping for a pressure gauge.
- Manifolds can have threaded or SLIP (glue) connections and **can be completely customized to meet your specifications.**
