

COMBINATION AND REDUCING TEES PVC INSERT FITTING

SPECIFICATIONS:

- The Plastic Combination and Reducing Tee effortlessly features lateral plastic pipe inserts and a female iron pipe (FIP) connection, providing a versatile solution for a wide range of plumbing needs.
- Constructed from durable PVC, it delivers long-lasting performance, making it an excellent choice for both residential and professional plumbing applications.
- Its unique design combines multiple angles, offering flexible installation options.
- The tee facilitates branching connections by splitting fluid flow from a single source.
- The maximum pressure and temperature ratings depend on the material and specifications of the pipe used, ensuring compatibility with diverse systems.
