

INSERT FITTINGS – HYDRANT ELBOWS NO-LEAD BRONZE

SPECIFICATIONS:

- Crafted with precision engineering, this hydrant elbow is flat-sided to provide excellent support for your hydrant, ensuring stability and reliability.
- Made from high-quality no-lead bronze, this heavy-duty hydrant elbow is specifically designed for ground bury applications, meeting the highest standards for durability and safety.
- Featuring an insert barb x male NPT design, it provides a robust connection between your hydrant and flexible polyethylene pipe.
- An extra-long hydrant elbow with extra-long insert bars is available for added stability and secure installation.
- Hose clamps (sold separately) ensure a secure and easy installation.
- The maximum pressure and temperature ratings depend on the material and specifications of the pipe used, ensuring compatibility with diverse systems.
