

INSERT FITTINGS – FEMALE ADAPTERS

ZINC-PLATED

SPECIFICATIONS:

- Crafted with precision engineering, the plastic pipe to female iron pipe, zinc-plated steel female adapter connects flexible polyethylene pipes to the barbed end, while the female end fits securely into a male NPT thread.
- Designed for secure connections, this fitting ensures a smooth transition, making it an ideal choice for a wide range of plumbing applications.
- The steel fitting is zinc-plated for corrosion resistance and can withstand high pressure, ensuring long-lasting and reliable performance
- Featuring an insert barb x FNPT connection design, it provides a secure and efficient pipe connection.
- Its economical design provides a cost-effective solution for both residential and professional plumbing needs.
- Hose clamps (sold separately) ensure a secure and easy installation.
- The maximum pressure and temperature ratings depend on the material and specifications of the pipe used, ensuring compatibility with diverse systems.
