

INSERT FITTINGS – EXTRA-LONG MALE ADAPTERS ZINC-PLATED

SPECIFICATIONS:

- Crafted with precision engineering, the plastic pipe to male iron pipe, zinc-plated steel extra-long male adapter connects flexible polyethylene pipes to the barbed end, while the male end fits securely into a female NPT thread.
- Designed to adapt different pipe sizes, this fitting ensures secure connections and smooth transitions, making it ideal for a wide range of plumbing application that require longer adapter lengths.
- The steel fitting is zinc-plated for corrosion resistance and can withstand high pressure, ensuring long-lasting and reliable performance.
- Featuring an extra-long insert barb x threaded design, it provides a secure and efficient pipe connection.
- Its economical design provides a cost-effective solution for both residential and professional plumbing needs.
- Hose clamps (sold separately) ensure a secure and easy installation.
- The maximum pressure and temperature ratings depend on the material and specifications of the pipe used, ensuring compatibility with diverse systems.
