

ECONOMY SUMP PUMP CHECK VALVES

SPECIFICATIONS:

- The economy sump pump check valves feature a durable thermoplastic body, ensuring long-lasting performance and reliability.
- Designed with a flapper mechanism, they provide high flow rates while effectively eliminating backflow, protecting your sump pump system from potential damage.
- The parts are sonic welded for enhanced strength and durability, ensuring secure and leak-free connections.

No Lead

DIMENSIONS				
Part No.	MIP X SLIP or Insert Connection	L in.	W & H in.	Approx. Wt./Lbs.
SPCV125	1-1/4" MIP x 1-1/4" or 1-1/2" SLIP	3.84	2.62	0.2
SPCV125B	1-1/4" MIP x 1-1/4" BARB or 1-1/2" SLIP	3.84	2.60	0.2
SPCV150	1-1/2" MIP x 1-1/2" BARB or 2" SLIP	3.95	2.57	0.2
