

INSERT FITTINGS – HEX BUSHINGS

304 STAINLESS STEEL

SPECIFICATIONS:

- Crafted with precision engineering, our stainless steel hex bushing ensures secure, leak-free connections, providing reliable performance in reducing pipe size or adapting thread sizes.
- The hex shape allows for easy tightening, making installation simple and efficient.
- Made from all 304 stainless steel, the fitting offers corrosion resistance, ensuring long-lasting and reliable performance.
- The maximum pressure and temperature ratings depend on the material and specifications of the pipe used, ensuring compatibility with diverse systems.
