

# MALE ADAPTERS WITH HEX 304 STAINLESS STEEL INSERT FITTING

## SPECIFICATIONS:

- The plastic pipe to male iron pipe adapter with a hex connects flexible polyethylene pipes to the barbed end, while the male end fits securely into a female NPT thread.
- Designed with a full-length set of insert barbs, this adapter ensures a secure connection.
- The solid casting construction provides both strength and economy, while the large hex allows for easy installation with a wrench.
- Made from all 304 stainless steel, the fitting offers corrosion resistance, ensuring long-lasting and reliable performance.
- Featuring an insert barb x threaded design, it provides a secure and efficient pipe connection.
- Hose clamps (sold separately) ensure a secure and easy installation.
- The maximum pressure and temperature ratings depend on the material and specifications of the pipe used, ensuring compatibility with diverse systems.
