

INSERT FITTINGS – COUPLINGS

304 STAINLESS STEEL

SPECIFICATIONS:

- Crafted with precision engineering, the stainless steel coupling features a rounded body, ensuring a seamless and secure pipe-to-pipe connection for reliable performance.
- Designed with a full-length set of insert barbs, this coupling ensures a secure connection.
- The solid pipe construction offers both strength and economy.
- Made from all 304 stainless steel, the fitting offers corrosion resistance, ensuring long-lasting and reliable performance.
- Featuring an insert barb x insert barb design, it provides a secure and efficient pipe connection.
- Hose clamps (sold separately) ensure a secure and easy installation.
- The maximum pressure and temperature ratings depend on the material and specifications of the pipe used, ensuring compatibility with diverse systems.
