

MALE ADAPTERS WITH ROUNDED BODY 304 STAINLESS STEEL INSERT FITTING

SPECIFICATIONS:

- The plastic pipe to male iron pipe adapter features a rounded body that connects flexible polyethylene pipes to the barbed end, while the male end fits securely into a female NPT thread.
- Designed with a full-length set of insert barbs, this adapter ensures a secure connection.
- The solid pipe construction provides both strength and economy.
- Made from all 304 stainless steel, the fitting offers corrosion resistance, ensuring long-lasting and reliable performance
- Featuring an insert barb x threaded design, it provides a secure and efficient pipe connection.
- Hose clamps (sold separately) ensure a secure and easy installation.
- The maximum pressure and temperature ratings depend on the material and specifications of the pipe used, ensuring compatibility with diverse systems.
