

SAFETY ROPE

SPECIFICATIONS:

- Safety rope is made from durable 1/4" Dia. polypropylene that exceeds a 1000 lb. test, making it ideal for high-strength applications.
- Its bright yellow color provides high-visibility in various environments.
- Each rope is on a plastic spool for easy handling and storage.
- The rope is available in both twisted and braided types.
- The twisted 1/4" rope comes in 600' and 1200' lengths, while the twisted 3/8" is also offered in 600' and 1200' spools.
- The braided 1/4" rope is available in 500', 1000', and 3000' lengths, and the braided 5/16" rope comes in a 500' spool.

No Lead

DIMENSIONS

Part No.	Rope Type	Size	Footage On Spool	Approx. Lbs./Spool
SSR500T	Twisted	1/4"	600'	9.4
SSR1200T	Twisted	1/4"	1200'	16.9
SSR38600T	Twisted	3/8"	600'	17.0
SSR381200T	Twisted	3/8"	1200'	32.0
SSR500B	Braided	1/4"	500'	5.0
SSR1000B	Braided	1/4"	1000'	7.7
SSR3000B	Braided	1/4"	3000'	30.5
SSR516500B	Braided	5/16"	500'	9.0
