

VENTURI ADAPTERS WITH ROPE LUG 304 STAINLESS STEEL INSERT FITTING

SPECIFICATIONS:

- Crafted with precision engineering, the plastic pipe to male iron pipe, stainless steel venturi male adapter connects flexible polyethylene pipes to the barbed end, while the male end fits securely into a female NPT thread.
- The venturi-shaped design with a long shank is ideal for use with well seals. Its long rounded body also makes it suitable for other specialty applications.
- The barbed end is designed with an eyelet, allowing for secure attachment of a rope.
- Made from all 304 stainless steel, the fitting offers corrosion resistance, ensuring long-lasting and reliable performance.
- Featuring an insert barb x threaded design, it provides a secure and efficient pipe connection.
- Hose clamps (sold separately) ensure a secure and easy installation.
- The maximum pressure and temperature ratings depend on the material and specifications of the pipe used, ensuring compatibility with diverse systems.
