

CURB STOP BALL VALVES

304 STAINLESS STEEL

SPECIFICATIONS:

- These curb stop ball valves feature a female NPT x female NPT connection and allow for easy flow adjustment or positive shutoff.
- The full port design ensures maximum flow.
- The chrome plated ball enhances durability, while the Teflon® seals provide a reliable and secure seal.
- Both the valve body and handle are made from 304 stainless steel for added strength and corrosion resistance.

No Lead

RATINGS

- WOG Rating: 1000 W.O.G.
- Max Temp: 212°F
