

DELUXE TORQUE ARRESTORS

SPECIFICATIONS:

- Merrill offers three different models of the deluxe torque arrester, each designed to meet specific needs.
- The arrester is installed directly above the submersible pump to protect it from starting torque damage.
- It clamps to 1" or 1-1/4" drop pipe and adjusts to fit 4" through 8" well casing.
- With a two piece construction, it provides enhanced durability.
- STA48C includes all stainless steel clamps, measures 11-1/2", and is made from **code approved material**.
- STA48CI includes all stainless steel clamps, measures 11-1/2", and is made from **economy thermoplastic rubber**.
- STA48 includes only the torque arrester, without clamps. It measures 11-1/2" and is made from **code approved material**.
