

STEEL INSERT FITTINGS – WELL SEAL ELL ZINC-PLATED

SPECIFICATIONS:

- Crafted with precision engineering, the zinc-plated steel well seal ell ensures a seamless and secure pipe to pipe connection for reliable performance.
- These fittings are designed to provide secure sealing for well casings, ensuring a reliable and effective connection in various well system applications
- Made from zinc-plated steel, the fitting offers corrosion resistance, ensuring long-lasting and reliable performance.
- Perfect for maintaining optimal well functionality in residential, agricultural, or commercial settings.
- The maximum pressure and temperature ratings depend on the material and specifications of the pipe used, ensuring compatibility with diverse systems.
