

WS SERIES – CAST IRON WELL SEALS

DOUBLE DROP PIPE – SPLIT TOP PLATE

SPECIFICATIONS:

- Features a double drop pipe with a split plate design for easy installation.
- Made from painted cast iron, this well seal is designed to withstand harsh conditions, providing long-lasting performance and durability.
- The 3/4" thick rubber packer ensures a reliable, long-lasting seal that prevents contamination and leakage, effectively protecting your well from surface water.
- Each well seal is individually boxed and labeled.
